Enrollment

Gupton-Jones College of Funeral Service’s enrollment process is considered open enrollment. Open enrollment is a type of unselective and noncompetitive college admissions process

There are four enrollment dates each year: winter, spring, summer, and fall. The spring and fall enrollment dates are those in which the Associate of Science Degree Program begins for those needing one or more of the General Education classes taught in the first quarter of the on campus AS Program.

The winter and summer enrollment dates are for those who already have a degree or have sufficient transfer credits to begin the core courses of the AS Program

Distance Learning

What is Distance Learning?

General education courses at Gupton-Jones College of Funeral Service may be completed through distance learning. These courses are necessary for obtaining the Associate of Science Degree in Funeral Service. Distance learning classes are delivered to the student through the Internet, allowing the student to forego the time he or she would normally spend in the classroom. To be successful in a distance learning course, excellent time management skills are necessary as distance learning courses still require study time and commitment

What courses are available through distance learning?

<u>Course No.</u>	<u>Course Name</u>	<u>Credit Hours</u>
ENG 101	English Composition	5
ENG 102	English Literature	5
HIS 101	U.S. History to 1865	5
HIS 102	U.S. History Since 1865	5
MGT 101	Business Math	5
PSY 102	General Psychology	5

Only those applicants for the Associate of Science Degree in Funeral Service may take distance learning courses through Gupton-Jones College of Funeral Service. New students enrolling in the in-residence funeral service curriculum, which begins third quarter, must have successfully completed all liberal arts courses required in first and second quarters, either through distance

Enrollment

learning, or in-residence at Gupton-Jones College of Funeral Service, or at a regionally accredited institution. A grade of “C” or higher is required for transfer of credit courses. Distance learning courses are not available for the funeral service curriculum

Auditing Courses

A student who is terminated for academic reasons may remain enrolled by transferring to the class immediately behind their class. The student will be required to audit any courses where a grade of “C” or below was earned previously, however other courses may be audited as well. Upon transfer, the student will be advised by the administration concerning what courses will be audited. The minimum number of hours required to remain enrolled is nine (9)

Once a determination of what courses will be taken is made, the student is expected to participate in the courses as though they had never taken them before. The student is also responsible for adhering to the attendance policy set forth elsewhere in this catalog. In order to remain enrolled in the courses, the student must maintain grades that are equal to or better than they were when the courses were taken previously. If the textbooks have changed since the last time the student took the audited courses, it will be the student’s responsibility to purchase the new textbooks in order to properly participate

Failure to meet any of the above requirements is grounds for administrative withdrawal

Advanced Placement

First-year students who have taken the College Board Advanced Placement Examination may be eligible for as many as 20 credits towards specific general education courses at Gupton-Jones College of Funeral Service. Tuition Assistance

What is Tuition Assistance?

- ❖ Tuition Assistance (TA) is a Department of Defense funding program
- ❖ This program is not administered by the Department of Veterans Affairs (VA)
- ❖ TA rules, policies, and procedures vary by branch of service and even vary between different units within the same branch depending on whether the unit is active, reserve, or National Guard
- ❖ TA will be applied to tuition only. It will not apply to any fees associated with enrollment

What is the process to use my TA?

1. Once you are enrolled in classes, you will complete the paperwork required by your branch of service in order to secure your tuition assistance for each quarter. Failure to follow your branch of service's processes may lead you to ineligibility for each quarter's tuition assistance
2. Provide a receipt of your TA approval to the College
3. Any balance remaining will need to be covered by the student through financial aid, a tuition installment plan, etc.
4. For questions on when TA is paid to the college, contact your branch of the military
5. Once you pass your classes, you will move on to your next quarter
6. A few weeks prior to the start of your classes, submit your TA documentation through your branch of the military, this needs to occur each quarter of enrollment

Tuition Installment Plan (TIP)

Gupton-Jones College of Funeral Service is pleased to offer enrolled students a Tuition Installment Plan (TIP). The Tuition Installment Plan is a service to the student, allowing the student to finance education over the period of a quarter throughout their academic year. The TIP is interest free making budgeting the cost of your education easier. Late charges may be added to the student's account if the student misses the deadline of payment dates. If payments are made as scheduled, there will be no additional costs to the student. The payment schedule calculates the balance remaining after guaranteed funding is applied; financial aid funds (such as loans, grants, scholarships, etc.) are recognized as payments toward the payment plan. Any balance remaining after all guaranteed funds have been paid **MUST** be set up on the installment plan. Only students in good standing and with a zero balance for the current quarter are eligible to enroll in an installment plan. Students may prepay, without penalty, on their Tuition Installment Plan. Adjustments may be made on future payments

The payment schedule is based on a division of the quarter's tuition into three installments. If a student will not be receiving any financial aid, the first installment will be due on the first day of classes for that quarter. Those students receiving financial aid (Pell Grant, Direct Loans, and/or FSEOG) or any other guaranteed payments (VA, scholarships, tuition reimbursement, etc.) will be required to pay the balance of direct charges minus all guaranteed funding of the academic year over the, up to, three terms per academic year

Should a student not pay their first installment by the designated payment date, there will be a grace period of five (5) school days for that payment to be made. No books will be provided to the student until the payment is received by the college. If, after five (5) school days, the payment is not

secured, a late fee of fifty dollars (\$50) will be applied to the student's account and no books provided until the payment is made

If the second and third installments are not paid by the designated payment dates, a fifty dollar (\$50) late fee will be applied to the student's account for each of the late payments. ALL balances owed for a quarter must be paid before a student will be allowed to progress into a subsequent quarter

Academic Information

Grading Methods and Symbols

Grades are given to students at the end of each quarter. Grades are based on the quality of work as reflected on assignments, examinations, and/or class projects. Cumulative grade averages (CGPA) will include only the highest grade for any course subjects that are repeated. The following grading symbols are used to evaluate a student's progress:

Letter Grade	Grade Points	Numeric Grade	Included in Credits Earned	Include in Credits Attempted	Included in CGPA
A	4	97 – 100	Yes	Yes	Yes
A-	3.75	93 – 96	Yes	Yes	Yes
B+	3.5	90 – 92	Yes	Yes	Yes
B	3	87 – 89	Yes	Yes	Yes
B-	2.75	85 – 86	Yes	Yes	Yes
C+	2.5	81 – 84	Yes	Yes	Yes
C	2	75 – 80	Yes	Yes	Yes
D	1	70 – 74	Yes	Yes	Yes
F	0	0 – 69	No	Yes	Yes
Incomplete (I)	n/a	n/a	No	Yes	No
Transfer Credits (TR)	n/a	n/a	Yes	Yes	No
Repeated Course (R)	n/a	n/a	Yes	Yes	Yes
Voluntary Withdrawal (VW)	n/a	n/a	No	Yes	No
Administrative Withdrawal (AW)	n/a	n/a	No	Yes	No

An incomplete grade must be cleared within two (2) calendar weeks following the quarter in which the incomplete grade was given, except at the end of the student's final quarter. The grade of "I" is changed to "F" if the work is not completed in the specified time

Repeating a Course

A student may repeat courses to replace a failed grade, a withdrawal from a course, or to improve a grade when the initial course resulted in a passing grade

A student may enroll twice into a course that the student has a grade other than a “VW” (voluntary withdrawal) or an “AW” (administrative withdrawal). A student, who requests to retake a course for a third time, or more, will require approval by the College Dean or President

Conditions of Repeating a Course

1. When a course is repeated, the grade and credits of the first attempt will no longer count towards the degree requirements and are excluded from the student’s credits attempted, credits completed, GPA for that quarter, and the CGPA, even if the repeated course grade is lower than the initial grade
2. When a course is repeated, results in a passing grade (e.g., “D” or higher) the grade and credits of the repeated course counts towards degree requirements and included in the student’s credits attempted, credits completed, GPA for that quarter, and the CGPA
3. If a repeated course results in the grade of “F,” the course may be repeated, subject to the approval of the College Dean or President. The credits and grades for every failed repeated course are included in the student’s credits attempted, GPA for that quarter, and the CGPA. Failed repeats negatively affect the student’s GPA for that quarter, CGPA, and multiple repeated courses may result in SAP warning, suspension, or dismissal
4. When a course is repeated more than once and the last repeat results in a passing grade, the grade and credits for the last repetition count toward degree requirements and are included in the student’s credits attempted, credits completed, GPA for that quarter, and the CGPA
5. When a repeated course results in a passing grade, the course may not be repeated for credit. A student may repeat a course that resulted in a passing grade solely to demonstrate proficiency for their degree. Any further course repetition shall require the approval of the College Dean or President, shall not carry credit, but will be included with the grade achieved in the student’s academic transcript

All courses taken and all grades earned will be included in the student’s academic transcript. Repeated courses that appear on the academic transcript will indicate that the course has been repeated

A student may not repeat a course that has resulted in an incomplete (“I”). After the incomplete has been changed to a grade “A” through “F,” the course may be repeated

Financial Aid and Repeating a Course

In order for a repeated course to count toward the financial aid enrollment status (e.g., 12 credits or higher is considered full-time), you may only repeat a previously passed course once (a total of two (2) attempts). If you enroll in a previously repeated course for a third or more attempts, this repeat will not count towards your enrollment for financial aid purposes. This rule applies whether or not the student received financial aid in prior courses

Academic Information

1. A student is eligible to receive financial aid when repeating a course for the first time
2. A student is eligible to receive financial aid when repeating a course that was previously failed or withdrawn from, regardless the number of times the course was attempted and failed (SAP Policy still applies)
3. A student is eligible to receive financial aid to repeat a previously passed course one (1) additional time. If a student fails the second attempt, the student will no longer be eligible for financial aid in third or more attempts. If the second attempt is withdrawn from, then it is eligible for financial aid for a third attempt
4. Once a student completed a course twice, with a grade, the student is no longer eligible to receive financial aid for that course

Student Academic Progress (SAP)

All students must maintain satisfactory academic progress (SAP) in order to remain enrolled at the school. Additionally, SAP must be maintained in order to maintain eligibility to receive federal financial assistance. SAP is determined by measuring the student's cumulative grade point average (CGPA) and the student's rate of progress (ROP) toward completion of the academic program at the end of each grading period. Both the CGPA and ROP standards must be met in order to be considered as meeting SAP

Quantitative and qualitative SAP Progression for Standard Quarters

Cumulative GPA end of quarter based on a 4.00 Scale and 2.00 = C

6 Quarters - Associate of Science

Quarter 1	Quarter 2	Quarter 3	Quarter 4	Quarter 5	Quarter 6
1.50	1.75	2.00	2.00	2.00	2.00

If more than 6 quarters are necessary, a 2.00 is required per quarter

To meet Satisfactory Academic Progress (SAP)

- ❖ Students must complete a minimum of 67% of all credit hours each quarter. Each credit hour a student enrolls in is considered an "attempted" credit hour for SAP calculations. Credit hours attempted are defined as all classes for which a student receives a passing grade ("A", "B", "C", or "D"), or an "F", "VW", "AW", or "I"
- ❖ **AND** Maintain a Cumulative Grade Point Average (CGPA) as indicated in the following chart:

Associate of Science Degree Program

<i>Total Number of Credit Hours Attempted</i>	<i>Minimum Cumulative GPA</i>
0-25	1.50
26-50	1.75

51 *or more*

2.00

- ❖ Attempt no more than 163.5 credit hours for an associate degree requiring 109 credit hours

Financial Aid Warning

Academic progress will be checked at the end of each quarter for which the student is enrolled. A student, who is receiving Title IV funds and fails to meet any of the standards at the end of the quarter, will be placed on Financial Aid Warning. Any student on Financial Aid Warning during that quarter may continue to receive Title IV funds for one quarter. At the end of the quarter, if the student has met the standards, the student is considered to be meeting Satisfactory Academic Progress

If the student is not meeting Satisfactory Academic Progress at the end of the Financial Aid Warning Period, the student will then lose their eligibility for Title IV funds. The student will be placed on Financial Aid Suspension

Financial Aid Suspension

A student will be required to meet specific criteria to assist them in regaining Satisfactory Academic Progress and Title IV eligibility. During this period, the student will not be eligible to receive Title IV funds, but may continue on a cash pay basis with an approved payment plan. A student, who loses their financial aid eligibility due to Financial Aid Suspension, has a right to file an appeal regarding their Satisfactory Academic Progress evaluation

Financial Aid Probation

Financial Aid Probation is the status assigned by the institution to a student, who fails to make SAP, but has appealed and has won the appeal and had their Title IV eligibility for aid reinstated for one payment period

If the student has not met the academic progress standards and/or the requirements specified in an academic action plan by the end of the probationary quarter, he/she will be ineligible for further Title IV aid until such time as he/she meets the standards.

Appeal Process

A student, who is on Financial Aid Suspension, must request an appeal in writing, within ten **(10) business days** following the action of the school. The request must be made to the Director of Student Financial Aid with supporting documentation showing the reasons why the decision should be reversed and request a re-evaluation. The basis on which a student may file an appeal: death of a relative, an injury, or illness of the student or other special circumstances. The request must also include why he/she failed to make SAP and what has changed that will allow the student to make SAP at the next evaluation point

Academic Information

The appeal will be reviewed by a committee that shall be composed of two individuals to be designated by the student's school, and one to be designated by the Director of Student Financial Aid. The committee shall review the student's progress in light of any extenuating circumstances that may be present, and make a recommendation to the President of the Institution or Dean. As part of the response to the appeal, the student will be on an academic action plan that must be met to achieve SAP. If a student fails to appeal the decision, the decision will stand. Notification of the school's action on the appeal including the reason, if the appeal is denied, will be sent to the student within **5 business days**. If the appeal is granted, see financial aid probation above

Notification of Financial Aid Status

All notification of Financial Aid Warning, Financial Aid Suspension, or Financial Aid Probation will be sent to the student via their GJCFS student e-mail. All students should check their GJCFS e-mail regularly

Student Returning from Leave of Absence or a Withdrawal

All students who have withdrawn or taken a leave of absence and choose to re-enter in a program, will be placed under the same satisfactory or unsatisfactory status prevailing at the time of the prior withdrawal or leave

Reinstatement of Title IV Financial Aid

Title IV funds will be reinstated to qualified students who are placed on financial aid probation as a result of a successful appeal or who have re-established satisfactory academic progress by meeting the minimum cumulative attendance and academic requirements at the end of the payment period and are able to complete their program within the maximum time frame

Requirements for an Academic Action Plan

- ❖ Maintain an attendance percentage that will ensure the student will meet Satisfactory Academic Progress by the next payment period
- ❖ Attend classes regularly (student must attend an average of at least 90% of all scheduled hours)
- ❖ Complete all required tests and assignments on time
- ❖ The academic action plan will be monitored regularly by the Dean or School Director (or designee)
- ❖ The school will notify the student on a monthly basis concerning their academic status as related to their action plan. The student's status will be recorded on a progress report for the student to sign
- ❖ Students choosing to remain in school while requesting an appeal will be responsible for charges accrued whether or not the appeal is granted

Incomplete Courses

Incomplete courses will result in a grade of “I”, and will be considered the same as an “F” when evaluating SAP. A student must complete all required coursework in order for the “I” to be changed to an actual letter grade (“A”, “B”, “C”, “D”, or “F”) by the beginning of the next term. Grades of "VW", "AW", & unresolved “I” will be considered as credits attempted

Repeated Courses

A student may repeat a course that they successfully passed (with a grade of "A", "B", "C", or "D") in a previous quarter ONE TIME. A limit of two (2) repeated attempts will be allowed for courses the student does not successfully complete. Grades of "F", "VW", "AW", or "I", (and in some instances a "D" where the quarterly GPA was less than 2.00) are not considered a successful completion

All courses that are repeated will be used in the calculation of a student's SAP length of time status. The highest grade received will be calculated in the student's CGPA

Effect of Change of Program on SAP policy

When a student changes programs, their cumulative GPA (CGPA) will be computed from all courses attempted and passed that are a part of the new program only. The maximum number of credits allowed will also be based on 150% of the normal program length of the new program

Quarterly Promotion

In order to be promoted from one quarter to the next quarter the student must have met the following requirements:

1. A minimum cumulative GPA to meet the guidelines of the Satisfactory Academic Progress policy with no course grade below 70%, or a 2.0 GPA
2. Completion of all required exams, assignments, and clinical work, embalming and/or funeral directing cases. Failure to submit the clinical case reports may result in administrative withdrawal

Attendance

The College has measured a direct correlation between class attendance and academic success, and, therefore, provides the following guidelines:

Students are expected to attend all scheduled classes, lab, and scheduled off campus tours. The College views class attendance as an academic issue and as an individual student responsibility. The instructor records attendance at the beginning of each class, lab session, or field trip on the daily attendance record and this is transcribed automatically to the Master Attendance Record

An attendance record is kept on all students in each class, lab session, and off campus tours. Students should be continually aware of their attendance and their absences. In addition to attending

Academic Information

classes and scheduled field trips, students are expected to complete all assignments and to be honest with their instructors regarding their ability to complete their academic work. The College encourages students who need to miss a class, lab, field trip, quiz or exam due to illness, injury, or other reasons to notify the instructor prior to the class that they are unable to attend, and to follow the instructions provided on the course syllabus. The College encourages faculty members to have a conversation with the student that allows them to present their situation and identify how the student can fulfill their academic responsibilities while accommodating their short-term illness or injury

Falsifying absence from a class is in violation of this policy. Students may not offer a falsified excuse for an absence from an examination, test, quiz, or other course requirement, directly or through another source

Chronic Absenteeism will Lead to Disciplinary Probation and/or Administrative Withdrawal from the College

- ❖ When absences reach 10% scheduled hours – **Attendance Warning**
- ❖ When absences reach 15% scheduled hours – **Disciplinary Advising**
- ❖ When absences reach 20% scheduled hours – **Disciplinary Probation**

A student who exceeds 20% of absences in a quarter will be placed on Disciplinary Probation for the subsequent quarter. If the student exceeds 20% in the next quarter, the student will be administratively withdrawn from the college. A leave of absence will not count towards the 20% in either quarter, but will reduce the total contact hours accordingly for computation purposes

Administrative withdrawal will also occur if the student misses ten (10) consecutive days or more than 20% of the contact hours in the program, whichever occurs first

A student missing an excessive number of classes in any one course may, at the discretion of the instructor, be subject to extra work, which will in no way remove the absence(s)

It is the student's responsibility to obtain any material or assignments missed because of any absence. The student is likewise accountable for scheduled exams to be held at a later date or immediately upon the student's return to school

Distance learning is defined as regular and substantive interaction between the students and in the instructor

Attendance for Distance Learning Courses

Distance Learning Attendance and Participation

Just as on-campus students are expected to attend class, distance learning students too must regularly attend and participate in their online courses. Distance learning student adhere to the same attendance policy as the on ground students. Online course are set up with a weekly activity

schedule. A student attends a distance learning course by participating in class or otherwise engaging in an academically related activity

Participation is essential to your success in this class. In distance education courses you are required to participate just as if you were in a face-to-face course. This means that in order to get full credit for participation, you will have to complete your discussion assignments, lesson assignments quizzes or other activity on a timely basis

Documenting Attendance in Distance Learning Courses

Changes to Federal financial aid regulations in recent years have highlighted the importance of accurate reporting on student attendance and participation in all courses, including distance learning courses

Per 2017-2018 FSA Handbook:

<https://ifap.ed.gov/fsahandbook/attachments/1718FSAHbkVol5Master.pdf#page=67>

“In a distance education context, documenting that a student has logged into an online class is not sufficient, by itself, to demonstrate academic attendance by the student. A school must demonstrate that a student participated in class or was otherwise engaged in an academically related activity, such as by contributing to an online discussion or initiating contact with a faculty member to ask a course-related question. Examples of acceptable evidence of academic attendance and attendance at an academically-related activity in a distance education program include:

- ❖ student submission of an academic assignment,
- ❖ student submission of an exam,
- ❖ documented student participation in an interactive tutorial or computer-assisted instruction,
- ❖ a posting by the student showing the student’s participation in an online study group that is assigned by the institution,
- ❖ a posting by the student in a discussion forum showing the student’s participation in an online discussion about academic matters, and
- ❖ an e-mail from the student or other documentation showing that the student initiated contact with a faculty member to ask a question about the academic subject studied in the course”

To comply with the federal student aid regulation, the College is providing the following procedure to taking attendance

A student attends a distance learning course by participating in class or otherwise engaging in an academically related activity. Academic related activities may include:

- ❖ contributing to an online discussion or chat session
- ❖ attending live lectures (GTM)
- ❖ submitting an assignment or a working draft

Academic Information

- ❖ working through exercises
- ❖ taking a quiz or an exam
- ❖ viewing and/or completing a tutorial
- ❖ initiating contact with a faculty member to ask a course-related question
- ❖ Reading assignments with discussion, poll or summary.
- ❖ BaseCamp for project based assignments
- ❖ Office 365 Tools: <https://support.office.com/en-us/article/Office-Training-Center-b8f02f81-ec85-4493-a39b-4c48e6bc4bfb>

- ❖ Group presentations
- ❖ Social Media posting assignments
- ❖ Visual diagrams
- ❖ Reflective essays
- ❖ Project proposals
- ❖ Graph creations
- ❖ Portfolios

❖ Completing a poll

Such academically related activities are readily tracked and documented through the College's learning management system

Documenting that a student has logged into an online class or website is not sufficient, by itself, to demonstrate academic attendance by the student

*Example: A student logs into their distance learning course and logs out without any further activity; the student **did not** attend the distance learning course on that day*

Probation & Administrative Withdrawal

Progress will be evaluated at the midpoint of each quarter as well as at the end of each quarter. The school will place a student making unsatisfactory progress for the program at the end of a progress evaluation period on academic probation for the next progress evaluation period. If the student on academic probation achieves satisfactory progress for the subsequent progress evaluation period, but does not achieve the required grades to meet overall satisfactory progress for the program, the student may be continued on academic probation for one more progress evaluation period

When a student is placed on academic probation, the school will advise the student prior to the student returning to class. The date, action taken, and terms of probation will be clearly indicated in the student's permanent file

If a student on academic probation fails to achieve satisfactory progress for the next probationary progress evaluation period, the student's enrollment will be administratively withdrawn. The enrollment of a student who fails to achieve overall satisfactory progress for the program at the end of two (2) successive probationary progress evaluation periods will be administratively withdrawn

The school may allow a student whose enrollment was administratively withdrawn for unsatisfactory progress to re-enroll after a minimum of one (1) quarter

The school will place a student who returns after his/her enrollment was administratively withdrawn for unsatisfactory progress on academic probation for the next grading period. The school will advise the student of this action and document the student's file accordingly. If the student does not demonstrate satisfactory progress at the end of this probationary period, that student's enrollment will be administratively withdrawn

A grade of "F" or "I" in any class or a GPA of less than 2.00 is considered academic probation

Academic Probation Grace Period

If at the end of a quarter, a student has not achieved satisfactory progress as noted above at the end of the second probationary progress evaluation period, the student will be granted a grace period of

Academic Information

approximately three weeks. During this grace period, probation exams will be given to provide the student an opportunity to bring the unsatisfactory grades up and therefore raise the student's GPA

If the student fails to achieve satisfactory progress and remove the academic probation status at this time, the student will be administratively withdrawn

If a student's cumulative GPA does not meet the requirements for Satisfactory Academic Progress AND the quarterly GPA is below 1.00 at the end of a quarter or a student has failed 50% or more of his/her classes, this grace period will not apply and the student's enrollment will be administratively withdrawn at the end of the quarter

Leave of Absence (LOA)

A student in good academic standing may request an official Leave of Absence (LOA) for personal reasons without withdrawing from the College. An application for a LOA must be requested by the student and approved by the Dean or the President. Except in extraordinary circumstances, as determined by the Dean or the President, the leave must be approved prior to the first day of class for the term in which a student is requesting leave. **Students are limited to one leave, not to exceed 180 days, within a 12-month period.** Any exceptions should be directed to the Dean or the President

A new student, who has registered for courses and paid the application fee, but has withdrawn from the College prior to the 3rd day of class, cannot take a LOA. Rather, she/he should contact the Admission's Office to request to defer their admission

If the student whose leave is approved does not return at the end of the LOA, the student will automatically be withdrawn from the College, with the withdrawal date being the date that the student began the LOA. Once the student is withdrawn, he or she may seek readmission through the Admission's Office. Any outstanding account balance is immediately due in full. Except in extraordinary circumstances, as determined by the Dean or the President, a student leaving the College at any point after the term begins will be considered withdrawn for that term and may not request a leave of absence for the following term

Any outstanding account balance is immediately due in full

To be considered for readmission, students must complete an application for the College and submit all official transcripts for any college level coursework completed since leaving the College

The academic files for a student on a LOA remain active during the duration of the LOA. A student returns at the end of a LOA with the same academic status she/he held prior to the LOA and is subject to the same academic policies and procedures while on the LOA as currently enrolled students. A student is not considered enrolled or registered for the duration of the LOA. In addition, the College cannot confirm enrollment for student loans or other enrollment verification purposes

On or before the expiration date of the LOA, a student should meet with the Dean or the President to discuss any items that may be needed prior to the student returning to class

Leave of Absence Process

A student must complete an application for a leave of absence and is expected to take the following steps:

1. Meet with the Registrar, Dean, or President to complete the “Leave of Absence Request Form”
2. Meet with the Financial Aid representative to discuss eligibility for scholarships, grants, and/or student loans
3. Meet with the Registrar regarding outstanding balances to a student account
4. Meet with the Registrar to return any outstanding items
 - a. Security/FOB card (if applicable)
 - b. Textbooks

Emergency Leave of Absence

Emergency Leave of Absence (occurs during a quarter)

A leave of absence may be granted for medical emergencies and for military service obligations. A student should request a leave of absence in writing prior to the date of leave except in extenuating circumstances. The request must contain the dates of the leave, the reason for the leave, and be signed by the student. If approved, the request will be placed in the student’s file. Please find the specific points of an emergency leave of absence:

- ❖ A maximum of two leaves per twelve month time period may be requested
- ❖ Two leaves may not be consecutive
- ❖ Maximum of one leave per quarter
- ❖ Each leave will permit the student miss up to ten (10) consecutive school days
- ❖ It will not count towards the 20% allowed absences, but will reduce the total contact hours accordingly for computation purposes
- ❖ If a student fails to return from leave, they will be administratively withdrawn and the proper refund process will be followed
- ❖ Students are responsible to arrange for make-up of class work missed as a result of the leave
- ❖ Students receiving an emergency leave of absence are no longer eligible for the Exemplary Attendance Award

Standard Period of Non-Enrollment (SPNE)

There are a certain set of limited circumstances when the College determines it is necessary to interrupt the sequential order of required courses and requires an academically initiated leave of absence otherwise known as a standard period of non-enrollment (SPNE)

Academic Information

Once a dean or president determines a student's need for a standard period of non-enrollment, or the student requests a SPNE, the student will complete the SPNE letter and the dean or president will complete the "Campus Use Only", which will state:

1. the date that the standard period of non-enrollment has been approved;
2. the expected return date;
3. that while the student is on a standard period of non-enrollment s/he will NOT be considered to have withdrawn;
4. that while the student is on a standard period of non-enrollment no additional charges will be generated;
5. if a student fails to return from an approved standard period of non-enrollment, s/he will be withdrawn;
6. if withdrawn, the "withdrawal date" will be retroactive to the student's last date of attendance and the "date of determination" will be the day s/he should have returned to college;
7. upon returning from a standard period of non-enrollment, s/he must return to the same point in the program from which s/he left;
8. students must meet with the financial aid department before returning to classes; and upon returning from a standard period of non-enrollment

Academic Quarter Hold

When other means of communication with a student have failed, an academic registration hold may be activated to ensure the student is in communication with the appropriate person/office regarding his/her academic decisions. A hold can be placed when a student is violating a College policy or if the student's academic decisions appear to be counterproductive to his/her academic success. In addition, a hold can be used to support the operation and well-being of the academic community as a whole.

Impact of a Hold

A hold temporarily prevents two actions: The student's ability to start the next quarter and any access to his/her official transcript

Types of Holds

- ❖ **Academic:** To help students fully understand the implications of their academic decisions and help them resolve outstanding academic issues. (Academic registration holds are activated as soon as a student is in academic warning or suspension)
- ❖ **Conduct:** As a consequence of a disciplinary proceeding and failure on the student's part to follow through with required actions for resolving an incident

- ❖ **Financial:** As a result of outstanding financial obligations with the College
- ❖ **Global Programs:** For an international student to ensure that proper immigration documents are completed and filed with the office as required by Department of Homeland Security regulations
- ❖ **Medical:** Due to health-related issues that could harm other students and College staff and faculty

A unit placing a hold must post clear information about its hold policy and procedures

Timing

Holds should prompt students to resolve issues before or after the quarter in an effort to minimize unintended disruptions to timely academic progress. Other than holds resulting suspension or dismissal, holds should not begin during the attending quarter

Student Notification

Prior to placing a hold, a department (staff member) must contact the student with the following information:

- ❖ Formal notification of the potential hold
- ❖ the action required to avoid a hold
- ❖ a timeframe for the required action
- ❖ the appropriate office to contact with questions about the process

(In limited cases departments impose a registration hold without warning when circumstances warrant immediate action to protect the campus community or ensure the safety of a student)

When a hold is placed, students must be told who to contact in order to have the hold lifted. In addition, an appeal process must be provided to the student including the department to contact with questions and for the appeal.

Faculty must be notified of holds placed on their students (not during class)

Probationary Examination

At the end of a quarter, if a student receives a failing grade in a course, the student may be granted a probationary continuance. To receive the probationary continuance:

1. The student must have no more than 20 hours of absences for the quarter
2. The student cannot have failed more than 2 courses in the funeral service core or 1 course in the general education division

Academic Information

3. The failed course/s cannot be below a grade of 55%
4. Probate exams can only occur within a maximum of 2 quarters in the program

The period of probation will conclude with the administration of examinations as determined by the instructor of the failed course in question. If a grade of 75% or higher is achieved on the probationary test, then a final course grade of 75% is substituted for the “F” previously recorded. A student who fails a probation exam must repeat the course when it is next offered

Probationary exams must be completed in full prior to taking the Comprehensive Examinations. Comprehensive examinations are not a replacement of probationary exams or failed courses

Withdrawal Policy

Administrative Withdrawal

A student may be dismissed from the college for failure to make satisfactory academic progress, for inappropriate behavior that is detrimental to good order, failing to pay college financial obligations, or for violation of the attendance policy of the college. Administrative dismissal does not relieve the student of the responsibility for all debts, including tuition, fees, and other incidental charges for the full quarter. Any consideration for a refund of tuition will be based upon the last date of attendance and federal/state regulations

“AW” = An Administrative Withdrawal is a neutral grade used to indicate that a student has been involuntarily withdrawn by the college. An “AW” grade is not used in the grade point average (GPA) calculation, but is counted toward the hours attempted

Voluntary Withdrawal

Voluntary Withdrawal pertains to the student who wishes to leave the college in good standing after registering for classes in any quarter

Students withdrawing from Gupton-Jones College for any reason must make a formal declaration of intention to withdraw and must be clear in every respect with the college. Merely discontinuing class attendance does not constitute formal withdrawal. To be considered official, the withdrawal must be in writing and signed by the student requesting withdrawal. Verbal withdrawal is not considered formal withdrawal. The written notice submitted by the student must contain the student’s name, address, phone number and a signature. The notice may be faxed, mailed, scanned and e-mailed or hand delivered to the college. The official date of the withdrawal is the date the written notice is formally received by the college, NOT the postmarked date or the date stated in the notice. Any consideration for a refund of tuition will be based upon the last date of attendance and federal/state regulations

A student who does not cancel registration or completely withdraw by the appropriate deadline for the quarter will be awarded a final grade of “F”. Complete withdrawal after the published deadline

will only be granted due to extraordinary circumstances. The college will administratively withdraw the student who ceases to attend classes and fails to notify the college that he/she is withdrawing. (See Administrative Withdrawal)

“VW” = A voluntary withdrawal is a neutral grade used to indicate that a student has officially withdrawn from the college on or before the published deadline of last day to withdraw. A “VW” grade is not used in the grade point average (GPA) calculation, but is counted toward the hours attempted

Testing Policies

See the official syllabus for each course to determine the instructor guidelines concerning testing policies. Final exams will not be available for any student who has not completed the required clinical work for the current quarter

A secure live and automated online proctoring service is utilized within all distance learning courses

Comprehensive Exam

End of program examinations are administered at the conclusion of all program coursework. These examinations indicate the proficiency attained by the student in instructional areas of significance in state and national licensing examinations. The results of all comprehensive examinations will be entered on the student’s permanent academic transcript

Graduation

In order to be considered a candidate for graduation from Gupton-Jones College of Funeral Service, a student must:

- 1) Attain a cumulative overall academic average of C or better, with no individual course grade of less than D
- 2) Be free of all indebtedness to the College
- 3) For the Associate of Science Degree a student must successfully complete all requirements of the Clinical Embalming program as specified by the College and the American Board of Funeral Service Education and be certified by the Clinical Program Director as minimally technically competent in entry level embalming practices
- 4) Successfully complete all end-of-program comprehensive testing

National Board Exam (NBE)

Upon completion of all graduation requirements from the funeral service programs at one of the Pierce Mortuary Colleges, there is generally an expectation that the graduate plans to pursue licensure. Many states have eligibility requirements for licensure that are contingent upon completing and successfully passing the National Board Examination (NBE). Pierce Colleges encourages each graduate to schedule and take the NBE as soon as possible following graduation

Honoring Graduates for Successfully Passing the NBE

For the graduate who sits for and passes the National Board Examination on the first attempt, Pierce Mortuary Colleges would like to honor your success! PMC will pay the cost not to exceed a total of \$250.00 in Exam fees to a graduate who has completed the following:

1. Sit for the exam within 60 days of your last date of attendance (LDA); AND
2. Pass both portions of the exam on your first attempt; AND
3. Complete a request form within 30 days after passing both portions of the exam on your first attempt; AND
4. Submit to your college the completed form and results from The International Conference of Funeral Service Examining Boards demonstrating your passing status for both the Arts and Sciences sections

This is not a reimbursement or a refund. While funds are limited, we do our best to provide support to those students who are willing to work hard and succeed. Monies will be disbursed only in the year the student graduates. However, the College also reserves the right to change without notice any statement due to federal, state, or College changes in policies, procedures, or regulations

Returning to the College

Returning from LOA, SPNE, or Withdrawal

All students who have withdrawn or taken a leave of absence and choose to re-enter in a program, will be placed under the same satisfactory or unsatisfactory status prevailing at the time of the prior withdrawal or leave

Reinstatement of Title IV Financial Aid

Title IV funds will be reinstated to qualified students who are placed on financial aid probation as a result of a successful appeal or who have re-established satisfactory academic progress by meeting the minimum cumulative attendance and academic requirements at the end of the payment period and are able to complete their program within the maximum time frame

Incomplete Courses

Incomplete courses will result in a grade of "T", and will be considered the same as an "F" when evaluating SAP. A student must complete all required coursework in order for the "T" to be changed to an actual letter grade ("A", "B", "C", "D", or "F") by the beginning of the next term. Grades of "VW", "AW", & unresolved "T" will be considered as credits attempted

Repeated Courses

A student may repeat a course that they successfully passed (with a grade of "A", "B", "C", or "D") in a previous quarter one (1) time. A limit of two (2) repeated attempts will be allowed for courses

the student does not successfully complete. Grades of "F", "VW", "AW", or "I", (and in some instances a "D" where the quarterly GPA was less than 2.00) are not considered a successful completion

All courses that are repeated will be used in the calculation of a student's SAP length of time status. The highest grade received will be calculated in the student's CGPA

Effect of Change of Program on SAP policy

When a student changes programs, their cumulative GPA (CGPA) will be computed from all courses attempted and passed that are a part of the new program only. The maximum number of credits allowed will also be based on 150% of the normal program length of the new program

Class Organization

It is encouraged that each class work together closely as a team. Class officers are elected during the academic year and with their leadership and faculty guidance, many class functions are planned and enjoyed by the entire student body. Many classes work together to make notable civic and charitable contributions

Pi Sigma Eta

This fraternity is a nationally chartered professional and social funeral service organization. Admission to membership in the Pi Sigma Eta fraternity is based on scholastic standing, invitation, and is subject to the rules and regulations of the Supreme Council

Class Trips and Guest Lectures

As a valuable supplement to the student's classroom education, the classes visit a manufacturer of embalming supplies in the Atlanta area acquainting the student with an allied profession that supports the funeral service profession. Throughout the academic program, guest lecturers may address the student body on various subjects associated with the profession

Student Advising and Guidance

Student guidance is an on-going process at the College and is designed to ensure that the student matures in all areas and not just scholastic areas. A student can expect to find individual advice and assistance from any member of the administrative or instructional staff in arranging financial matters, forming good study habits, making social adjustments and resolving academic issues that he or she may be experiencing

Living Accommodations

Student housing while attending Gupton-Jones College is the responsibility of the student. A student should secure personal housing based on rental costs, the availability of public or personal transportation, and the number of members who will occupy the facilities. The College does not maintain resident halls or dormitories, but will assist the student in locating suitable housing in accordance with his or her specialized needs

Student Employment

Gupton-Jones College of Funeral Service participates in the Federal Work Study (FWS) Program. For further information on the FWS Program, you may read more on our [website](#)

Positions are often available in local firms and businesses, some of which are funeral homes. For employment outside of funeral service, the College will assist the student in finding part-time or full-time employment upon his or her enrollment as most positions cannot be reserved prior to the arrival of the student in the general area. Finding suitable student employment is primarily the

responsibility of the student and the College cannot guarantee employment for its students. Students seeking funeral home employment should make such arrangements a minimum of two to three months prior to actual enrollment, as there are many more students than funeral home positions available

The primary goal of each student should be to successfully complete his or her education. As such, the College recommends that the student pursue studies for a few weeks to determine his or her ability to effectively handle the demands of the academic program prior to seeking employment

Placement Assistance

The College strives to be a resource for employers and employees. Job opportunities are posted throughout the building and electronically through the College's social media. It is not uncommon for funeral homes from neighboring states to recruit new graduates, so those who are the most willing to move will likely have better success in finding placement. The College will assist a student in obtaining suitable employment upon his or her graduation, an alumnus who wishes to find new employment, or a funeral home that needs a new employee. Obtaining suitable employment, however, is the primary responsibility of the graduate. The College cannot guarantee placement following graduation

STUDENT HANDBOOK

History of College

On June 8, 1920, the Gupton-Jones School of Embalming was founded by L. A. Gupton in Nashville, Tennessee, to teach the art and science of funeral directing and embalming. In the beginning, the school had two faculty members to teach the young men and women in the South the courses in mortuary science. Over these many years, the faculty and facilities increased. The old “castle style” home of the Gupton-Jones College on West End Avenue in Nashville was a landmark well known to many. Many practicing professional morticians in the South and Southeast today are alumni of this historic institution

In March, 1954, the members of the Class at Gupton-Jones in Nashville and members of the faculty who chose to do so were transported to the campus of the Dallas Institute of Mortuary Science in Dallas, Texas, thus these two fine respected names in mortuary science education were merged. In June, 1969, the long dream to move to southeast Atlanta, Georgia, was accomplished and once again, Gupton-Jones College of Mortuary Science, as it was named at that time, was re-established as an individual, approved, and accredited school with all its rich history

The first Atlanta home was a temporary one and the first class, enrolled in a night program, was made up of twenty-nine young people. In the projection of enrollment and growth, the board had anticipated only a few students to enter in the September Class, also a night program, but again, a record number of twenty-five matriculated into Gupton-Jones College of Mortuary Science

With this reception of the Atlanta based school, the Board had to speed up the projected move into larger quarters, especially since the first regular daytime courses were to be enrolled. Early in 1971, Gupton-Jones College of Mortuary Science classes were held on the fifth floor of 1330 West Peachtree Street, a facility which offered larger quarters renovated for the purpose of mortuary science education. These facilities were anticipated to be sufficient for use for at least five years, perhaps longer

It soon became apparent however that the move to a much larger campus would be necessary as enrollments continued to increase. In September, 1974, the Board of Trustees authorized the purchase of property at 280 Mt. Zion Road and I-75, on which was excellent parking and which was located in a semi-residential area, accessible to shopping, the Hartsfield International Airport, hotels, restaurants, etc., as well as to public transportation. It was the ideal new home location

With the inclusion of many subjects in the social science area such as psychology, sociology, and counseling, the name was changed in 1980 to Gupton-Jones College of Funeral Service, thus reflecting the type and quality of education offered by the College. In 1982, authorization was awarded to the College to grant the Associate of Science Degree in Funeral Service. The authorization was granted by the Georgia Department of Education and with it, Gupton-Jones College of Funeral Service truly became a full service institution dedicated solely to the purpose of funeral service education.

By the mid-1980's as a result of the continued growth of Gupton-Jones College of Funeral Service, it became clear that the existing facilities were fast becoming inadequate to meet the needs of the College family. In 1984, the facility at 280 Mt. Zion Road was extensively remodeled, adding a new library, classroom space and staff offices. The college enjoyed its newly enlarged facility for several years until, again it became obvious through continued growth that a new home for Gupton-Jones College was needed.

After an exhaustive search, a 3.4 acre property was purchased in the Snapfinger Woods Park of DeKalb County, Georgia. A beautiful new state-of-the-art facility designed by J. Stuart Todd, Inc. The Ground Breaking Ceremony for the new facility was held November 14, 1991. Construction began shortly thereafter, with the move to the new facility taking place August 26, 1992. On Sunday, October 4, 1992, the formal Dedication of the new Gupton-Jones College of Funeral Service took place during an afternoon Open House

Welcome to Atlanta, Georgia!!!

Gupton-Jones College of Funeral Service is located at 5141 Snapfinger Woods Drive – in southern DeKalb County. Within a few minutes of the College are new residential developments, numerous churches, shopping centers, apartments, restaurants, golf courses and excellent water sports recreational facilities. Numerous colleges and universities, including Georgia State University and Emory University, provide many community-based educational programs as well as additional opportunities for higher learning for the enterprising student

The Atlanta, Georgia metropolitan area offers a unique living and educational experience for all students who attend Gupton-Jones College of Funeral Service. Atlanta, Georgia is Georgia's capital and largest city. Atlanta is a major southern financial and cultural force and the focus of a metropolitan statistical area that covers more than 8,000 square miles and includes more than 50 municipalities. People from all over the country, joined by immigrants from other lands, have flocked to Atlanta's mild climate, physical beauty, and job opportunities. Offering Old South graciousness blended with an ambitious zest for expansion and dominance, Atlanta has assumed an important position in national and international commerce. Ted Turner, one of the city's well-known citizens, has declared that Atlanta has "absolutely everything going for it—climate, location, great transportation, easy air access, and a government that's both cooperative and supportive." This is a judgment widely shared by both residents and visitors

Grievance Policy

Step 1: Informal Resolution

Before filing a formal written grievance, the grievant must make a good faith effort to confer with the party against whom he or she has a grievance in an effort to resolve the matter informally

The President/Dean of the college shall confer with the parties and make every reasonable effort to resolve the grievance informally as quickly as possible. Discussions regarding informal resolution are expected to be treated with confidentiality and may not be disclosed or referenced during any subsequent formal proceedings on the grievance. The grievant should normally initiate this informal process within fifteen (15) days of the most recent incident or action leading to the grievance. This meeting should represent an effort to achieve, by informal means, what the grievant regards as a fair and reasonable resolution to the complaint

The President/Dean may recommend that the grievant drop the grievance because it lacks merit or for other just cause. Such a recommendation, however, shall not be binding on the grievant

Sexual Misconduct & Discrimination

When possible, the College prefers to resolve conflicts informally through discussion or mediation

Step 2: Mediation

Any student, who has not reached an informal resolution and prefers to avoid escalating the complaint to the status of a formal grievance, may request a mediation session with the President/Dean of the College. Mediation is an informal and confidential process through which the grievant and the accused can participate in search for a fair and workable solution. Mediation requires the consent of both parties and suspends the grievance procedure for up to 30 days from the first day of the most recent incident, and can be extended at the discretion of the President/Dean upon the consent of both parties. Complaints that are addressed through mediation need not be made in writing. A written document, which will remain confidential to both parties, may be produced to memorialize the agreement

Any student, who chooses not to go through the mediation process after trying to resolve the grievance through the informal resolution stage, will need to file a final grievance within fifteen (15) days of the abandonment of an attempt at an informal resolution

Step 3: Filing a Formal Grievance

If an informal resolution or mediation does not occur and the student wishes to make a formal grievance, the student should file a final grievance within fifteen (15) days of the abandonment of attempts at informal resolution or mediation. The student should state in writing that he or she has rejected any offer made during the informal process of resolution (if such was made) and that he or she intends to file a formal grievance. To file a formal grievance, the student must submit a written, signed statement (the "grievance") to the President/Dean of the college within thirty (30) days of the date that the grievant knew, or should have known, of the alleged violation. The grievance must contain the following information

Submit a written statement to the President/Dean documenting and describing the source of the complaint, its consequences, and the informal efforts at resolution made to date. This statement must also include a description of the remedy sought

Gupton-Jones College Formal Grievance

Students have thirty (30) calendar days to file a grievance from the date of the incident that they are grieving, unless the grievance process was extended by the President. The process involves a review and written response from the college's administrator. Review proceeding may involve one or more meetings, depending on how long it takes to collect, present and evaluate the evidence needed to review the grievance. The grievant attends the review/s and, if he or she wishes, may select a faculty member or student to attend the meeting and serve as his or her advocate. The advocate may not pose questions or intervene in the proceedings, but may talk quietly or pass notes to the grievant in a non-disruptive manner. The merits of the grievance are evaluated within the context of College

policies, a consensus is reached by a majority vote and, when appropriate, a remedy is recommended. The President then makes the final decision on the issue

Formal Appeals

If the grievant is not satisfied with this decision, he or she may appeal in writing to the Chief Operating Officer (Chief Operating Officer, Pierce Mortuary Colleges, Inc., 2913 Gardner Road, Broadview, IL. 60155). This appeal must be submitted within thirty (30) days of the decision of the President. Additional appeal materials or presentation from the grievant or administration may be necessary to be made to the Chief Operating Officer of Pierce Mortuary Colleges

Additional Grievance Policies Available

Students who reside in Georgia and have a complaint must first “make every attempt to achieve a fair and reasonable solution” per rules of the Georgia Nonpublic Postsecondary Education Commission (GNPEC) with Gupton-Jones College of Funeral Service. Students should first follow the Gupton-Jones College Grievance & Appeal Policy and Process:

1. Should the student deem the solution not fair and reasonable, he/she may file a complaint with the GNPEC via their Authorized School Complaint Form at <http://gnpec.org/consumer-resources/gnpec-authorized-school-complaint-form>

GNPEC will conduct a complete investigation, gathering information from both the student and the school, and come to a resolution as they see fit. As part of the authorization process, Gupton-Jones College of Funeral Service agrees to honor the decision of GNPEC

Drug Abuse Prevention

Gupton-Jones College, in compliance with the Higher Education Act and its Amendments, offers drug abuse information for the purpose of educating and providing help in dealing with the nation-wide drug abuse problem. The program is provided to all students, faculty, and staff associated with the Institutions

Gupton-Jones College recognizes the seriousness of drug abuse on campuses and in workplaces today. Drug abuse is defined not only as the use of controlled substances, but also as the abuse of alcohol or any mind/attitude altering substance. The following are grounds for administrative withdrawal from any Pierce Mortuary College

1. Being found in possession of a controlled substance or alcohol while on campus
2. Being found under the influence of a controlled substance or alcohol while on campus
3. Being found in possession of a controlled substance or alcohol at any school sponsored event
4. Trafficking of a controlled substance with the intent to sell will result in immediate termination and the offender will be reported to proper authorities for legal sanctioning

Disciplinary actions for being in violation of this policy, depending on the severity of the situation, are as follows:

First Offense: For suspicion of being under the influence of a controlled substance or alcohol at school or a school function, individual advising with the Dean or President will be mandatory

Second Offense: For suspicion of being under the influence of a controlled substance or alcohol at school or a school function will result in referral to applicable advising, treatment, and/or rehabilitation. It may also result in suspension from school or employment

Third Offense: For suspicion of being under the influence of a controlled substance or alcohol at school or a school function will result in termination of the student or employee

Students or employees terminated after a third offense of this policy may be reinstated in school or employment upon the successful completion of a rehabilitation program and/or, through their individual merit, have illustrated they are well on their way to recovery

If you feel that you may have a drug or alcohol problem, there are numerous organizations in the Decatur/Atlanta area that can offer assistance. For a referral to an appropriate agency we suggest contacting:

Pierce Mortuary Colleges cooperate with all law enforcement agencies in the prevention of drug abuse and drug trafficking. Persons caught in the possession of a controlled substance will be turned over to the appropriate legal authorities and may face severe consequences. Some of these, as prescribed by local, state, and federal law, are costly fines and/or incarceration. Before a problem becomes overwhelming, Pierce Mortuary Colleges encourage its students and faculty to seek help from a qualified counselor with an appropriate agency

ADA Accommodations

The Americans with Disabilities Act (ADA) and Gupton-Jones College's policy prohibit discrimination in employment and educational programs against qualified individuals with disabilities. It is the policy of the College to provide reasonable accommodations or academic adjustments when necessary. These accommodations and adjustments must be made in a timely manner and on an individualized and flexible basis. It is the responsibility of individual students, staff, and faculty members to identify themselves as an individual with a disability when seeking an accommodation or adjustment. It is also the responsibility of individual students, staff, and faculty members to document their disability (from an appropriately licensed professional) and to demonstrate how the disability limits their ability to complete the essential functions of their job or limits student's participation in the program or services of the College. Medical documentation will be kept confidential. Students, staff, and faculty members must maintain institutional standards of performance

In accordance with the Americans with Disabilities Act (ADA), the College is fully committed to providing educational services to all individuals, regardless of disabilities they may have. To accommodate individuals with disabilities, it is the policy of the College to:

1. Administer educational courses in facilities that are accessible to individuals with disabilities or to make alternative arrangements; and
2. Make such modifications to its courses and curriculum as are necessary to ensure that the place and manner in which the course is given are accessible to individuals with disabilities; and
3. Provide appropriate auxiliary aids and services for persons with impaired sensory, manual or speaking skills

Campus Safety

Provided, however, that the College will not admit any individuals to its program or offer modifications and auxiliary aids to such individuals if any of the following conditions apply:

1. If the individual poses a direct threat to the health or safety of others; or
2. If the modification in the course or the provision of the auxiliary aid or service requested will fundamentally alter the course of study or result in an undue burden to the College; or
3. If the individual cannot meet the basic eligibility criteria set forth below or elsewhere in the admissions policies and requirements of the College

Minimum Physical Requirements for Embalming Portion of the Program

In order to enter into the embalming portion of the program, an individual must be physically able, with or without the use of auxiliary aids and services, to perform the disinfection, surgery, suturing and restoration required in embalming dead human remains in a competent and timely manner

Applicants who will require modifications in courses or the provision of auxiliary aids or services should consult with the College regarding the provision of these modifications or auxiliary aids or services

The College may require evidence in the form of documentation from a physician and/or other professional to demonstrate that an applicant requires the modifications or auxiliary aids or services requested

Minimum Physical Requirements for Funeral Directing Portion of the Program

In order to enter into the funeral directing portion of the program, an individual must be physically able, with or without the use of auxiliary aids or services, to understand and process information received from other persons and to effectively communicate in a cogent manner information to third parties

Applicants who will require modifications in courses or the provision of auxiliary aids or services should consult with the College regarding the provisions of these modifications or auxiliary aids or services

The College may require evidence in the form of documentation from a physician and/or other professional to demonstrate that an applicant requires the modifications or auxiliary aids or services requested

Accommodations and Verification of Disabilities

Students are required to submit specific documentation to verify their eligibility for accommodations. The documentation, which is provided as part of the registration process, must specify a major life activity (such as walking, eating, writing, or learning) that has been substantially limited by a disability

This is to ensure that documentation of disabilities is appropriate, to verify eligibility, and to support requests for accommodations. These guidelines correspond with federal law and college policies. The Student ADA coordinator (Campus President) follows all appropriate and applicable federal and state laws and college policies with respect to confidentiality of a student's disability and disability verification information. In general, the Student ADA coordinator will not disclose or release information provided except as required by federal and/or state law and college policies

Students are entitled to appeal accommodation decisions of the Student ADA coordinator, faculty, or other college entities

Academic Honors

A CGPA of 3.5 or above and with no individual course average below a “C” (75%) entitles a student to Academic Honors. A student who must take a clearing or probation exam anytime during the year is considered to be ineligible for this award as well as anyone who has been placed on disciplinary probation

Awards

Other than the awarding of scholarships throughout the time spent at a Pierce Mortuary College, students are also recognized with the presentation of several awards at the graduation ceremony

These awards represent the diligent and hard work that funeral service education students must do to prepare for their future in the industry

Valedictorian – The Valedictorian award is given to the student who has achieved the highest overall grade point average. This student receives the highest academic honor

Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act (FERPA) afford eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day the Pierce Mortuary College (“School”) receives a request for access. A student should submit to the registrar, dean, president, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The school official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed
2. The right to request the amendment of the student’s education records that the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA

A student who wishes to ask the school to amend a record should write the school official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed

If the school decides not to amend the record as requested, the school will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent

The school discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the Gupton-Jones College of Funeral Service in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of the Gupton-Jones College of Funeral Service who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the Gupton-Jones College of Funeral Service

Academic Information

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Gupton-Jones College of Funeral Service to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, §99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. **A postsecondary institution may disclose personally identifiable information (PII) from the education records without obtaining prior written consent of the student**

- ❖ To other school officials, including teachers, within the Gupton-Jones College of Funeral Service whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in §99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(2) are met. (§99.31(a)(1))
- ❖ To officials of another school where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. (§99.31(a)(2))
- ❖ To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as a State postsecondary authority that is responsible for supervising the institution's State-supported education programs. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§99.31(a)(3) and 99.35)
- ❖ In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))

- ❖ To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction. (§99.31(a)(6))
- ❖ To accrediting organizations to carry out their accrediting functions. (§99.31(a)(7))
- ❖ To parents of an eligible student if the student is a dependent for IRS tax purposes. (§99.31(a)(8))
- ❖ To comply with a judicial order or lawfully issued subpoena. (§99.31(a)(9))
- ❖ To appropriate officials in connection with a health or safety emergency, subject to §99.36. (§99.31(a)(10))

(§99.31(a)(14))
- ❖ To parents of a student regarding the student’s violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. (§99.31(a)(15))

Re-Admissions Policy

A student who is administratively withdrawn for absenteeism may request re-admission in writing for the next available class following advising by a member of the school’s administrative staff. A student administratively withdrawn due to absenteeism may not reenter school until the next grading period (quarter). A student administratively withdrawn for violation of the attendance policy may be re-admitted no more than three (3) times, provided the reasons for the attendance problems are justifiable

A student who is suspended or terminated for scholastic or academic deficiencies may apply for re-admission in the next succeeding academic quarter. A student, having been terminated for the second time, must show evidence of remedial work and improvement, before re-admission to the college. Any request for re-admission following the third termination will be reviewed by the administration. The student has the right to appeal in writing to the Chief Operating Officer (COO) of Pierce Mortuary Colleges if the decision of the administration is not satisfactory. Please see the Grievance Policy

Academic Information

A student who is suspended or administratively withdrawn for disciplinary reasons may be re-admitted to the college only after a request for admission has been approved by the administration and a personal interview with an administrative officer of the college

A student that is re-entering the college must retake all subjects with a grade below a “C” (75%) in the quarter in which the re-entry is made. All coursework over three (3) years old and with a grade below a “B” (85%) and all courses where considerable change in the course’s content has been made must be repeated in the quarter in which re-entry is made. To determine tuition for repeating work failed or work loss to time, please refer to the hourly rate in the Catalog

Learning Skills Workshop

Completion of the learning skills workshop will be required if a student who demonstrates by tests of subject examinations that a severe deficiency exists. Beginning with the second week of the initial quarter for a student, those who score at or below the benchmarks set by the college on the college's chosen assessment tool (or do not take the test) will be required to attend special workshops for remediation

Copyrighted Materials

It is the policy of Pierce Mortuary Colleges to adhere to the requirements of the United States Copyright Law of 1976, as amended, (Title 17, United States Code, hereinafter, the “Copyright Act”) including; ensuring that the restrictions that apply to the reproduction of software are adhered to and that the bounds of copying permissible sources under the fair use doctrine are not exceeded. Accordingly, all students, faculty, and staff of Pierce Mortuary Colleges should adhere to the following policy guidelines

1. Only copyrighted materials are subject to the restrictions in this Policy Statement. Non-copyrighted materials may be copied freely and without restriction. Because a copyright notice is not required for copyright protection of works published on or after March 1, 1989, **most works (except those authored by the United States Government) should be presumed to be copyright protected**, unless further information from the copyright holder or express notice reveals that the copyright holder intends the work to be in the public domain. With regard to works published prior to March 1, 1989, a copyright notice generally is required in order for them to be copyright protected
2. Copyrighted software may be copied without the copyright owner’s permission only in accordance with the Copyright Act. Section 117 of the Act permits the making of a single archival back-up copy. Most software, however, is licensed to the user and the terms of the license agreement may give the user “permission” to make copies of the software in excess of the single archival copy permitted by the Copyright Act. Each software license agreement is unique, and its terms and provisions will vary from product to product and from company to company. As a result, the extent of the user’s rights to copy licensed software beyond that which is permitted under the Copyright Act cannot be determined without reference to the user’s

license agreement with the software copyright owner. It is the policy of Pierce Mortuary Colleges that any copying or reproduction of copyrighted software on Pierce Mortuary College computing equipment must be in accordance with the Copyright Act and the pertinent software license agreement. Further, faculty, staff, and students may not use unauthorized copies of software on Pierce Mortuary College owned computers or computers housed in any Pierce Mortuary College

3. Copyrighted materials may be copied without the copyright owner's permission where such copying constitutes "fair use" under the Copyright Act. Section 107 of the Act identifies four factors to be considered in determining whether a use is fair. While this statutory "balancing test" is the ultimate test of fair use, Congress has endorsed certain guidelines that provide more concrete guidance to educators as to the boundaries of permissible copying. Generally, copying is permissible as fair use to the extent it is permitted by the guidelines set forth in Fair Use. In some cases, copying not within the guidelines nevertheless may constitute fair use; however, before proceeding on that assumption, the appropriate administrative office may need to request legal advice
4. In order to copy materials including software where
 - a. the materials are copyrighted, and
 - b. copying extends beyond what is permitted by license of the boundaries of the guidelines in Fair Use, permission should be obtained from the copyright owner
5. The faculty, staff member or student will be personally responsible for the defense of an action for copyright infringement

Penalties for Copyright Infringement

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines up to \$250,000 per offense

Using the Four Factor Fair Use Test

Most people think that the fair use test is difficult. Actually, it is not so much difficult as it is uncertain – susceptible to multiple interpretations. Two people can review the same facts about a proposed use and come to different conclusions about its fairness. That is because one must make many judgements in the course of weighing and balancing the facts

Academic Information

Attorneys read the “judgments of judges” to learn how to make judgments ourselves, but judges see things differently (one from another) too. Because “reasonable minds can disagree” about fair use, perhaps it is unrealistic to try to predict what a judge would think about a proposed use. But that is just what this test is about

How it Works

With a particular use in mind

- ❖ Read each question and the comments about it
- ❖ Answer each question about your use
- ❖ See how the balance tips with each answer
- ❖ Make a judgment about the final balance: overall does the balance tip in favor of fair use or in favor of getting permission?

The Four Fair Use Factors

1. What is the character of the use?
2. What is the nature of the work to be used?
3. How much of the work will you use?
4. What effect would this use have on the market for the original or for permissions if the use were widespread?

Factor 1: What is the character of the use?

Nonprofit	Criticism	Commercial
Educational	Commentary	
Personal	News Reporting	
	Parody	
	Otherwise “transformative” use	

Uses green tend to tip the balance in favor of fair use. The use red tends to tip the balance in favor of copyright owner – in favor of seeking permission. The uses in blue, if they apply, are beneficial; they add weight to the tipping force of uses in green and subtract weight from the tipping force of a use in red

Imagine that you could assign a numerical weight to each use. A nonprofit educational use *other than uses in blue*, for example, making a copy of a journal article for a university class, might weigh five in favor of fair use. But a nonprofit educational use that is also criticism, for example, the inclusion by a faculty member of a quote from another’s work in a scholarly critique, would weigh even more in favor of fair use; about six or seven. That is because the uses in blue are “core” fair uses; the ones most dearly protected

Even if they are for-profit, the core fair uses weigh in favor of fair use. That is why they subtract from the weight against fair use of a commercial use. A commercial duplication of an article from a

journal might weigh five against fair use. But a commercial commentary or quotation would barely tip the scale, if at all

This is not to suggest that fair use can be precisely quantitatively analyzed. Numbers are just a tool to illustrate how the facts interact and affect each other. Actually, numbers would not make the analysis any easier; copyright owners and users would have just as much trouble agreeing on any other judgment about fair use

Factor 2: What is the nature of the work to be used?

Fact Published	Fact and Imagination	Imaginative Unpublished
---------------------------	-----------------------------	------------------------------------

Again, uses in green tip the balance in favor of fair use. Uses in red tip the balance in favor of seeking permission. But here, uses in blue tend to have little effect on the balance

Which way is your balance tipping after assessing the first two factors?

Factor 3: How much of the work will you use?

Small Amount	More than a small amount
---------------------	---------------------------------

This factor has its own peculiarities. The general rule holds true (uses green tip the balance in favor of fair use; uses in red tip the balance in favor of asking for permission), but if the first factor weighed in favor of fair use, you can use more of the work than if it weighed in favor of seeking permission. A nonprofit use of a whole work will weigh somewhat against fair use. A commercial use of a whole work would weigh significantly against fair use

For example, a nonprofit educational institution may copy an entire article from a journal for students in a class as a fair use, but a commercial copy shop would need permission for the same copying. Similarly, commercial publishers have stringent limitations on the length of quotations, while a student writing a paper for a class assignment could reasonably expect to include lengthier quotes

Which way does your balance tip after assessing the first three factors? The answer to this question will be important in the analysis of the fourth factor

Factor 4: If this kind of use were widespread, what effect would it have on the market for the original or for permissions?

After evaluation of the first three factors, the proposed use is tipping towards fair use
Original is out of print or otherwise unavailable
No ready market for permission
Copyright owner is unidentifiable
Competes with (takes away sales from) the original
Avoids payment for permission (royalties) in an established permissions market

Academic Information

This factor is a chameleon. Under some circumstances, it weighs more than all the others put together. Under other circumstances, it weighs nothing. It depends on what happened with the first three factors

Here is why

This factor asks, “If the use were widespread, would the copyright owner be losing money?” Well, actually, it asks “If the use was widespread, **and the use was not fair**, would the copyright owner be losing money? After all, if the use was fair, the copyright owner would not be entitled to any money at all, so he could not “lose” what he never would have had to begin with

When you include in your assumptions the very conclusion that you are trying to reach (you **assume** a use is not fair in the process of trying to figure out **whether it is fair**), you violate a principle of logic – you engage in “circular reasoning”

Courts deal with this propensity of the fourth factor to encourage circular reasoning by looking at the first three factors before evaluating the fourth. If the first three factors indicate that the use is likely fair, courts will not permit the fourth factor to convert an otherwise fair use to an infringing one. On the other hand, if the first three factors indicate that the use is likely not fair; courts are willing to consider lost revenues under the fourth factor. In this case they do not have to assume the conclusion in order to reach it. They reach the conclusion based on good evidence that the use is not fair. This means that if a use is tipping the balance in favor of fair use after the first three factors, the fourth factor should not affect the results, even if there is a market for permissions, even if the owner would lose money because of the use

On the other hand, if a use is tipping the balance in favor of asking for permission one need not “assume” it is not fair. The first three factors show that it is not. Add to that an active permissions market and the fourth factor will decisively tip the balance. Forget fair use. Get permission

The facts in blue illustrate circumstances that also support fair use, as they indicate a lack of harm to the owner’s economic incentive

Does the balance for your use tip in favor of fair use or in favor of getting permission after consideration of all four factors?

Balance Due and Debt Collection Policy

Gupton-Jones College recognizes its role in fostering personal initiative, planning, and responsibility in financial affairs as an integral part of the educational process. The administration believes each student has the primary responsibility for arranging financing and payment of his or her charges. Each student will, therefore, be held responsible for payment of all charges incurred at the College. The College maintains an Office of Financial Aid to make every effort possible to provide financial aid to any deserving student eligible to attend the College. Further, the College provides assistance to help the student as much as possible in his or her application for funds available

Basic Standards and Controls

In general, charges shall be due and payable by the first day of the quarter. Charges that are incurred after the first day of the quarter shall be due when the charge is placed on the student's account. In any event, campuses shall establish timely billing processes consistent with this policy. Moreover, all policies and procedures established at each campus shall contain basic standards and controls to ensure maximum and timely collection, as noted below

College Regulations

Academic regulations require students attending the College to make adequate arrangements to pay any debts that arise from their tuition by the College. Students are responsible for the payment of all charges incurred at the College. Students who have not paid their financial obligations for the prior term by the end of registration for the next term may be entered into the collection process

Students with outstanding debts of current tuition or greater may make arrangements with the College for paying the debt while continuing enrollment. The payment period for the collection of the past due amount shall not exceed the enrolled quarter. Students with outstanding balances of current tuition must pay the entire balance prior to being allowed to re-enroll

In addition, the College holds the right to withhold credits, educational services, issuance of all official transcripts, and academic records from any person whose financial obligations to the College (including delinquent accounts, deferred balances, and liability for damage) are due and remains unpaid

Internal Controls: Action on non-payment of any tuition fees

The College should make all efforts possible to collect debts owed to the College by any person. After reasonable attempts have been made to collect a debt, the College should use all methods available outlined, including a collection agency

Step 1

Account Due: Prior to the beginning of *each quarter*, the College will **send an invoice** to those that have balances due

Financial Information

Step 2

Warning Notice: Within thirty (30) days of the start of each quarter, the College will send an invoice to those enrolled that have accounts which are past due. Every thirty days a report will be generated to find those that are behind in payments who have not made payment plans (or are not following the payment plan). The College will send a letter notifying students to make satisfactory arrangements for the payment of their debt. A letter will be sent to these students to inform them to make satisfactory arrangements within ten (10) days. (*Debt-Warning Letter*)

Step 3

Final Notice: At the sixtieth (60) day, the College will provide a list of all the students who have not paid all of their financial obligations nor made a satisfactory response to request for payment. A letter will be sent to these students giving them fourteen (14) days to pay in full. (*Pre-Collection Letter*)

Step 4

At the ninetieth (90) day, the College will produce a list of students who have failed to pay or make satisfactory arrangement for the payment of their debt. This list is then submitted to the collection agency and to accounts receivable

Financial Appeals

Students who believe that the inability to pay off their previous promissory notes is due to a rare, extraordinary circumstance (e.g., unexpected major medical emergency and expense) may appeal to the administration for additional time to pay off their balance

In exceptional circumstances the president may allow a student to be re-admitted on the subsequent receipt of all outstanding monies

Exceptions

There shall be no tuition or fee liability established for a student who withdraws to enter military service prior to the end of an academic term for those courses in which the student does not receive academic credit

Note: The term "military service" means full-time active duty in the Army, Navy (including Marine Corps), Air Force, Coast Guard of the United States, or qualifying National Guard duty during a war, other military operation, or national emergency as defined in Section 5 of the Higher Education Relief Opportunities for Students (HEROES) Act (Public Law 108-76)

Enlistment under a delayed enlistment plan does not constitute "full-time duty" until the student is required to leave school on the effective date of active duty as stated in the student's orders

A student who is a member United States National Guard or the United States Reserve that is not called up for duty as defined above, is entitled to a refund only, if in the judgment of the campus

president, the student is unable to attend classes due to hardship beyond the student's control and the student has made bona fide efforts to permit continued class attendance. Documentation of membership on active duty in the military service shall be provided to and retained by the campus. In the event that a refund is granted to a student in National Guard or reserve status, documentation of the reasons for such action shall be in writing and retained by the campus

Return to Title IV (R2T4)

A recipient of federal Title IV financial aid who withdraws or is dismissed from school during a term of enrollment in which the student began attendance will have the amount of Title IV funds they did not earn calculated according to federal regulations. This calculation will be based on the student's last date of attendance and the date the school determines that the student has withdrawn from school, or the date of dismissal for a student who is dismissed by the institution

The period of time in which Title IV financial aid is earned for a term of enrollment is the number of calendar days the student has been enrolled for the term of enrollment up to the day the student withdrew, divided by the total calendar days in the term of enrollment. The percentage is multiplied by the amount of Title IV financial aid for the term of enrollment for which the Title IV financial aid was awarded to determine the amount of Title IV financial aid earned. The amount of Title IV financial aid that has not been earned for the term of enrollment, and must be returned, is the complement of the amount earned. The amount of Title IV financial aid earned and the amount of the Title IV financial aid not earned will be calculated based on the amount of Title IV financial aid that was disbursed for the term of enrollment upon which the calculation was based. A student will have earned 100% of the Title IV financial aid disbursed for the term of enrollment if the student withdrew after completing more than 60% of the payment period or period of enrollment

For Return of Title IV (R2T4) purposes in a term based program, a student is considered to have withdrawn, IF they do not complete all of the days they were scheduled to complete in the term of enrollment. The R2T4 calculation is required for all students who have ceased attendance; other than those on an approved Leave of Absence (LOA), or those who have attested to an expected return to a future module within the same term

Exception: In order to NOT be considered withdrawn, the school must obtain a written confirmation from the student stating the student's intention of return to a future term or within the same term. The fact that the student is scheduled to attend the next term will NOT be acceptable

Schools are required to determine Title IV funds that must be refunded based upon the percentage of the term completed prior to withdrawing. Title IV funds must be returned to the program based upon a tuition refund or if the student received an overpayment based upon costs not incurred but for which Title IV was received

Once the amount of Title IV financial aid not earned has been calculated, federal regulations require that the school return Title IV funds disbursed for the term of enrollment and used for institutional costs in the following order:

Financial Information

1. Loans
 - a. Unsubsidized Federal Direct Stafford Loans
 - b. Subsidized Federal Direct Stafford Loans
 - c. Federal Direct PLUS Loans received on behalf of the student
2. Federal Pell Grants
3. Federal SEOG
4. Other grant or loan assistance authorization by Title IV of the HEA

If the amount of unearned Title IV financial aid disbursed exceeds the amount that is returned by the school, then the student (or parent, if Federal Parent-PLUS Loan) must return or repay, as appropriate, the remaining grant and loan funds. The student (or parent, if a Federal parent-PLUS Loan) will be notified of the amount that must be returned or paid back, as appropriate

Withdrawal Date

The withdrawal date used to determine when the student is no longer enrolled at the school is the date indicated in written or verbal communication by the student to a school official. If a student does not submit written notification, the school will determine the student's withdrawal date based upon federal regulations and institutional records

For federal student loan reporting purposes, the student's last date of attendance will be reported as the effective date of withdrawal for both official withdrawals and those who do not complete the official withdrawal process

Please note that the above policy may result in a reduction in school charges that is less than the amount of Title IV financial aid that must be returned. Therefore, the student may have an outstanding balance due to the school that is greater than that which was owed prior to the withdrawal

State Refund Policy

Cancellation Policy

A full refund will be made to any student who cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays and legal holidays) after the enrollment contract is signed or within the student's first three scheduled class days (does not apply to Seminars)

Refund Policy

Students who follow the formal withdrawal policy of Gupton-Jones College of Funeral Service may be eligible for a refund of tuition. Prior to the beginning of classes the full amount of any tuition paid will be refunded. A student may cancel his or her enrollment at any time before the beginning of the quarter. If a student requests a refund within a minimum of seventy-two (72) hours//three (3) business days after signing the enrollment agreement, the full \$50.00 app fee will be refunded.

A student who does not request cancellation by the beginning of the quarter will be considered as enrolled. It is to be noted that the Application Fee is non-refundable.

A student who is dismissed or withdraws in compliance with the formal withdrawal policy of the catalog will be refunded tuition on the following quarterly basis:

Refunds are based on tuition paid for an 11 week term

- a. Refunds any unused portion of the fees if a student withdraws before completing fifty (50) percent of the period of enrollment except for:
 - a. Items that were special ordered for a particular student and cannot be sold to another student;
 - b. Items that were returned in a condition that prevents them from being used by or sold to new students;
 - c. Non-refundable fees for goods and/or services provided by third party vendors
 - d. Students attending less-than fifty (50) percent of a term will receive a prorated refund of tuition based on percentage attended
 - e. There will be no refund if a student attends fifty (50) percent, or more, of the term.
- b. Refunds will be made within forty-five (45) days following the proper withdrawal of the student. Discontinuing classes does not constitute formal withdrawal

Refunds will be made within forty-five (45) days following the proper withdrawal of the student. Discontinuing classes does not constitute formal withdrawal

Surveillance Camera Guidelines

This policy applies to all PMC personnel. Pierce Mortuary Colleges is using security cameras to monitor public areas in order to deter crime and to assist in security and safety of individuals and property of the College community. Video monitoring of public areas for security purposes at the College is limited to uses that do not violate the reasonable expectation of privacy. Surveillance camera monitoring for security purposes will be conducted in a professional, ethical, and legal manner. Monitoring individuals based on characteristics of race, gender, ethnicity, sexual orientation, disability, or other protected classification is prohibited. All information and/or observations made in the use of surveillance cameras are considered confidential and can only be used for official College and law enforcement purposes

Scope

Surveillance cameras do not guarantee that someone on college property is safe from crime. There should not be an expectation that the surveillance cameras are being monitored 24 hours, seven days a week and that the College is going to observe and respond to a crime in progress. Security cameras serve to deter crime and do not imply prevention of crime

Purpose

Pierce Mortuary Colleges is committed to enhancing the quality of life of the campus community by integrating the best practices of safety and security with technology. A critical component of a security plan is the utilization of a surveillance camera system. The surveillance of public areas is intended to deter crime and assist in protecting the safety and property of the College. These guidelines address the College's safety and security needs while respecting individual privacy of those attending, working or visiting our college

Installation Procedures and Locations

The use of surveillance cameras is limited to uses that do not violate a person's "reasonable expectation of privacy", as that term is defined by law. All surveillance cameras will only be installed with the advance approval of the president of the college. The College's use of surveillance cameras for monitoring or recording must be used in a professional, ethical, and legal manner consistent with all existing College policies. Although not legally required to do so, the College will inform

student/personnel when surveillance cameras are utilized. Surveillance cameras will not view private bedrooms, bathrooms, or offices

Viewing

Only authorized personnel, as determined by the president of the college, will view surveillance camera footage whether live video feed or recording, or have access to surveillance monitoring. The president of the college will ensure that personnel involved in live camera monitoring or recordings will perform their duties in a legal, responsible and ethical manner. PMC personnel viewing camera footage will not discuss any information contained within or regarding the footage to any individual outside of the college or to personnel that have not been authorized by the president of the college

Retention and Release of Information

Images obtained through surveillance monitoring or recording will be retained for a length of time deemed appropriate for the purpose of monitoring. Those images that are being used for a criminal and/or judicial investigation must be kept until the case has been officially closed

College personnel are prohibited from using or disseminating information acquired from surveillance cameras except for official purposes. All information and/or observations made in the use of surveillance cameras are considered confidential and can only be used for official College and law enforcement purposes. Information and results obtained through surveillance monitoring or recording will only be released when authorized by the president of the College

All requests from sources external to the College for the release of information and results obtained through surveillance monitoring or recording must be submitted to the president of the College

E-Mail Policy

E-mail is a critical mechanism for communication at Pierce Mortuary Colleges and its e-mail system and services is a privilege, not a right, and therefore must be used with respect and in accordance with the rules, regulations and policies of the college

Official e-mail communications are intended only to meet the academic and administrative needs of the college community. The college uses e-mail as the official means of communication with faculty, staff, and students. E-mail communication may include policy announcements, schedule changes, emergency notifications, financial aid and billing data, college deadlines, important campus news, events and updates, and other information of a critical or timely nature. Students may not opt out from receiving a college e-mail account or e-mail communications

Purpose and Scope

Resources, Services & College Information

the college and shall be used for legitimate instructional, administrative, research, public service and other approved purposes

E-Mail Account Responsibilities

Each student receives an .edu e-mail account upon their enrollment. Personal e-mail accounts are prohibited to be used for official college e-mail communications. Students of the College are responsible for receiving and reading all College communication sent to them via their College assigned e-mail accounts in a timely fashion. Automated forwarding of e-mails to other e-mail accounts is not supported by the College. Only the college provided e-mail account is to be used when conducting college communication through e-mail

E-mail access is controlled through individual accounts and passwords. It is the responsibility of each student user to protect the confidentiality of their account and password information and be the only user of the account. E-mail access will be terminated when the e-mail account holder terminates his or her association with the College. This will normally occur within a 6 month period after commencement exercises, when the alumnus e-mails the college concerning their National Board Examination Results. The college will notify the alumnus before the e-mail account is terminated

College e-mail users are responsible for mailbox management, including organization and cleaning. College e-mail users are expected to remember that e-mail sent from the college's e-mail accounts reflects on the College. It is the responsibility of all e-mail account holders to manage the use, message content, and size of their e-mail account. Due to e-mail being the "official" communication method of the college, it is the responsibility for e-mail account holders to read e-mail daily, remove old messages and delete e-mails from unknown origin. Please comply with normal standards of professional and personal courtesy and conduct

The following are deemed inappropriate, including copyright infringement, obscenity, libel, slander, fraud, defamation, plagiarism, harassment, intimidation, forgery, impersonation, soliciting for illegal pyramid schemes, opening e-mail attachments from unknown or unsigned sources attempt to obtain another person's e-mail account password and computer tampering

Social Media

Introduction

Pierce Mortuary Colleges welcomes the responsible use of social media technologies to support engaged and transformative learning and to reach out effectively to our broader community. Our diverse use of social media allows us to share, in a public way, the many qualities and strengths of our academic institution. PMC uses social media to build relationships with important constituencies like prospective and current students, donors, and alumni. Social media are powerful communications tools that have a significant impact on organizational and professional reputations. It is important to remember that we are subject to the same laws, professional expectations, Code of Conduct, and guidelines when interacting online as we would in-person with students, parents, alumni, donors, and the media

Social Media Policy Scope

This policy applies to all use of social media by the College students, faculty and staff to represent or discuss matters concerning the College and/or members of the College community, whether or not such use involves the College's network or other computer resources. "Social media" is a term used to describe tools and platforms that enable individuals to share ideas and content quickly and easily. The popular venues are numerous and include social networking sites, such as, without limitation; texting, blogs and propriety platforms such as Twitter, Facebook, iTunes, Pinterest, Instagram, LinkedIn®, My Space, YouTube and Flickr®. The lack of explicit reference to a specific social media site does not limit the extent of the application of this policy

Student Social Media Policy

Pierce Mortuary Colleges seeks to promote free and open discussion on social media sites, subject to its existing codes and policies. All members of the community, students, staff and faculty are expected to adhere to codes of conduct reflective of the values of the college, both on and off line.

Resources, Services & College Information

The following guidelines govern student communications on College administered social media sites as well as those sites which lead to a complaint:

1. The Student Code of Conduct and other College policies apply online just as they would offline
2. The College has no duty to monitor and will not take on the duty to monitor any social media sites, including, but not limited to those administered by College personnel
3. Notwithstanding this, the College reserves the right to take down posts on pages administered by College personnel when considered to be necessary, including, but not limited to, violations of the College's codes and policies
4. The College also reserves the right to block individual's access to social media sites administered by College personnel when they have been found to have engaged in violations of the College's codes and policies on such sites
5. Conduct online, including on social media sites, otherwise can be subject to discipline in accordance with the College's codes and policies
6. Concerns about conduct online should be reported to the Dean or President of the College

Faculty and Staff Social Media Policy

Pierce Mortuary Colleges seeks to promote free and open discussion on social media sites, subject to its existing codes and policies. While all members of the community, students, staff and faculty are expected to adhere to codes of conduct reflective of the values of the college, both on and off line, the College Student Social Media Policy recognizes that employees of the College are governed by personnel policies that may use different guidelines for using social media

Account Administrators

All social media accounts officially recognized by PMC must have PMC faculty or staff member as an administrator at all times. Should a PMC employee administrator of an account leave the College for any reason or no longer wish to be an account administrator, it is the Dean/President's responsibility to designate another PMC employee to be an account administrator prior to removing himself or herself from that role. PMC employees identified as administrators of accounts are held responsible for managing and monitoring content of their officially recognized accounts.

Administrators are responsible to remove content that may violate the College's Conduct Policies. All user names and passwords must be stored, kept, and maintained by the President of the College
